

With more than 11 straight years of strong growth of over 18%, the UAE Telecom Market is one of the fastest growing telecom markets in the Middle East region registering a CAGR of 23% with the total subscriber base rising from 1.15MM in 1997 to 10.84MM in 2008. While the mobile penetration (191%) is marching towards saturation, the fixed line and internet penetration levels are significantly low and are near 29% and 28% respectively.

The 17 pages report by ARC Financial Services covers various aspects of the UAE Telecom Market and has segmented the industry as mobile, fixed line and internet market.
